

Jasmine Sullivan

Austintown, OH | jasminealexussullivan@gmail.com | [LinkedIn](#) | [Portfolio](#)

IT Operations, Cybersecurity, and GRC professional with 7+ years of experience supporting enterprise technology across healthcare and SaaS environments. Known for quickly learning new technologies, solving complex technical problems, and building strong partnerships across teams. Backed by industry certifications in cybersecurity, DevOps, Agile, automation, and project management, along with hands-on technical lab experience and a strong interest in security operations, governance, risk, and compliance.

RELEVANT SKILLS & EXPERTISE

Tools/Languages: Linux, Windows, SQL (BigQuery), Splunk, Wireshark, Tcpdump, Suricata, Python

Security Practices: Information Security, Network Security, Vulnerability Assessment, Threat Analysis, Log Analysis, Security Frameworks and Controls

Technical Support: SaaS Support, VPN & MFA Troubleshooting, Authentication Support, Ticketing Systems (ServiceNow, Jira, Freshdesk), Ticket Management, Knowledge Base Management, Escalation Management, Root Cause Analysis

Software Platforms: Google Workspace, Slack, Microsoft 365, Microsoft Teams, Outlook, Zendesk, Datadog, Confluence, Active Directory, Okta, Epic EMR

Strengths: Problem-Solving, Collaboration, Attention to Detail, Calmness Under Pressure, Technical Troubleshooting, Workflow Optimization, Cross-Functional Collaboration, Incident Management

EDUCATION, CERTIFICATES, & CERTIFICATIONS

AAB Information Technology Cybersecurity • Cuyahoga Community College, Cleveland, OH

Exp. 05/2027

Honor Student 3.5 GPA, Phi Theta Kappa Honor Society

Merit America Cybersecurity Apprenticeship • Remote

Exp. 09/2026

(Completed the Google Cybersecurity Professional Certificate)

Cultivated holistic understanding of cybersecurity's critical role in organizational security, privacy, and success, including how to systematically identify and mitigate risks, threats, and vulnerabilities. Gained practical experience with **Linux, SQL, Python** and utilized **SIEM tools, IDS, and network protocol analyzers** for proactive threat management. Applied knowledge to real-world scenarios, developing skills in proactive **threat detection** and **response** through completion of dynamic hands-on projects, including conducting a simulated **security audit**, responding to a **cyber incident**, analyzing **vulnerable systems**, and completing an **incident handler's journal**.

- Google IT Support Professional Certificate | Google | 03/2025
- DevOps Foundation | Global Lynx USA | 05/2026
- Google Cybersecurity Professional Certificate | Google | 06/2026
- Google IT Automation with Python Professional Certificate | Google | 06/2026
- Google Project Management Professional Certificate | Google | 06/2026
- Introduction to Agile and Scrum Methodologies | EduCert Institute | 07/2026
- AI Cyber Defense Ops | Just Hacking Training | 07/2026

RECOGNITION & AWARDS

Winning Attitude Award — Q3 2025

Winning Attitude Award — Q4 2024

Aya Spirit Award — Q1 2024

- Promoted internally from **Customer Support Representative** to **Technical Support II** based on technical performance, operational contributions, and team impact
- Recognized for workflow optimization, cross-functional collaboration, and proactive support process improvements

TECHNICAL PROJECTS

TryHackMe Rooms: Utilized interactive, gamified virtual environment to enhance practical knowledge and hands-on skills:

- **Linux Fundamentals** (1, 2, & 3) and **Linux Strength Training** - Navigated directories and files, adjusted permissions, analyzed logs, explored common utilities
- **Intro to Logs** and **Log Analysis** - Identified log types, located logs, employed regular expressions (RegEx), and utilized command line and CyberChef for effective log analysis
- **Wireshark Basics** and **Wireshark 101** - Gained proficiency in packet dissection, navigation, and filtering techniques; analyzed ARP, ICMP, TCP, DNS, HTTP, and HTTPS traffic for network troubleshooting and security analysis
- **Windows Fundamentals** (1, 2, & 3) and **Windows Forensics** (1 & 2) - Acquired fundamental understanding of Windows, including file systems, user account control (UAC), control panel, system configuration, security, firewall, registry, and FAT/NTFS file systems; developed skills in accessing hives, utilizing registry explorer, and recovering files
- **Splunk Basics**, **Incident Handling with Splunk**, and **Splunk** (2 & 3) - Developed skills in navigating Splunk; conducting incident handling using Splunk; participated in the Boss of the SOC investigation for security analysis

PROFESSIONAL EXPERIENCE

Technical Support Representative II • *Aya Healthcare, Remote*

06/2024 – Present

- Managed 40+ technical incidents daily through chat, email, and ticketing platforms while maintaining 90%+ SLA adherence in a high volume healthcare SaaS environment.
- Troubleshoots MFA, VPN, authentication, login, and application-related issues across multiple systems to support secure access and operational continuity.
- Resolved 85%+ of Tier 1 support issues independently while maintaining high service quality and efficient issue resolution across enterprise healthcare systems.

- Maintained 96%+ CRM and ticket logging accuracy while documenting technical escalations, troubleshooting workflows, and operational findings across ServiceNow and Freshdesk.
- Analyzed logs using Datadog to investigate root causes of recurring technical issues, contributing to targeted system improvements, workflow optimization, and operational efficiency
- Trained and mentored 3 newly hired support analysts, improving onboarding efficiency and supporting team-wide operational readiness
- Identified recurring ticket trends and case drivers, contributing workflow improvement recommendations that improved support efficiency, routing accuracy, and escalation handling

Customer Support Representative • Aya Healthcare, Remote

06/2023 – 06/2024

- Provided high-volume customer support across phone, chat, and email, handling 50+ interactions daily across diverse service lines.
- Resolved customer concerns efficiently while exceeding service quality and performance benchmarks, consistently ranking in the top 15% of team performance.
- Documented technical incidents, collaborated with internal teams on escalations, and contributed to workflow improvements that enhanced operational support processes.
- Recognized for consistency and customer satisfaction with performance scores averaging above 91%.

Customer Support Generalist • Amazon, Remote

01/2017 – 11/2019

- Supported customers across phone, chat, and email channels, handling a high volume of inquiries daily while maintaining consistent service quality across all three formats.
- Resolved order, account, and billing issues efficiently, adapting communication style across chat, phone, and email to match each customer's needs.
- Consistently met or exceeded performance benchmarks for response time, resolution accuracy, and customer satisfaction

Front Desk Receptionist (PRN) • Humility House, Austintown, OH

05/2017 – 10/2017

- Maintained strict HIPAA compliance while managing sensitive patient data, privacy protocols, and access control across daily operations.
- Assisted staff with scheduling system navigation, password/login issues, and basic troubleshooting of EMR and administrative platforms in a fast-paced healthcare environment. Maintained accurate patient records within Electronic Medical Record (EMR) systems, supporting audit readiness through detailed documentation, data verification, and HIPAA-compliant record management practices.
- Coordinated scheduling and administrative workflows, improving efficiency of daily operations in a fast-paced healthcare environment.

Technical Support Specialist • Kelly Connect, Remote

04/2016 – 04/2017

- Provided specialized technical support for Apple devices (iPhone and Mac), resolving complex hardware, software, and account related issues.
- Escalated complex technical issues with detailed summaries, ensuring seamless handover while sustaining excellent customer satisfaction.
- Guided customers through step-by-step troubleshooting, maintaining a 94%+ customer satisfaction rating.
